

Södra Gård planning 2026

As we have learned from 2025 it is best to share a global schedule for the volunteering period between March and September. We aim to follow the schedule as closely as possible, yet unexpected activities may interrupt the schedule. If you would sign up as a volunteer, please notify us for which period and which activity would fit you best. You are most welcome to give us a helping hand, we thank you deeply!

During each month we also have to maintain our animals. This is an optional daily task to our volunteers.

*With love,
Kimberley and Stefan*
